*****.Traditional chart interpretation regarded a retrograde

natal planet as being weakened, but many of today s

astrologers have different opinions: the planet s energy is more

internalized or strengthened, or causes delay or confusion. To

illustrate, retrograde Mercury causes mail to be lost,

appointments to be missed and a general breakdown in

communication. Helen Adams writes: For far too long

retrograde planets have been misunderstood or not

understood at all . . . retrogrades are not really all bad! Here

she presents a guide to interpreting retrograde planets in the

natal and progressed chart as well as by transit. Also included

is each retrograde planet s relationship to health.
