EARTH S SURVIVORS: PLAGUE (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Plague outlines the sudden rise of the dead, chronicling the spread across the country. It follows Adam, Beth, Billy and Pearl as they head north looking for an antidote that can bring the plagues to end. It also sees the first babies born to the Nation, the formation of both the Fold and Alabama Island, and the loss of one of the founders of The Nation without whom the Nation may dissolve. The virus was never fully tested and only now are the people finding out what the end results of it will be. Yes, it may have saved them all from certain death, but what was the cost? In the Nation the valley settlement is growing fast. The first winter for the survivors is on the way. The first OutRunner team has...
