

Fresh Water Fishes and Their Ecology (Classic Reprint) (Paperback)

By Stephen A Forbes

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Fresh Water Fishes and Their Ecology When we watch a summer thunder storm, which covers the earth with a sudden flood and makes rivulets by the road-side, each carrying down to the smaller streams its load of leaves and other organic debris, together with the lighter parts of the soil, and when we see these silt-laden streams unite in rivers turbid with the rich spoil of the land, we are inclined to lament the enormous and oft-repeated waste, seeing no way in which it can be recovered in any considerable measure to the use of man; but if we follow it to the lake bottom and the river bed we shall see much of it arrested there, to become an aquatic soil, partly muddy water and partly wet mud, more fertile even than the richest fields, and sustaining a new population of plants and animals, of many grades and classes, one climbing upward, as we may say, upon the shoulders of another, to reach a level which makes them accessible again to our use. Since...
