Print on Demand *****.Soil-less gardening may seem like an unbelievable idea, but many gardeners have discovered utter joy in Hydroponics Gardening. Some people call it art, others label it science, but many would agree that it is an adventure, similar to choosing a road less taken. Hydroponics Gardening is a branch of hydroculture which grows plants in a water-based solution, taking soil out of the equation - certainly not the type of gardening you see every day. Hydroponics Gardening is a material aimed at inspiring gardeners to try their hands, or thumbs, into a non-conventional way of growing plants. It covers all the essential aspects of this type of gardening, beginning with choosing the appropriate gardening system, the requirements of setting up your own hydroponics garden, as well as how to gain control over certain elements to make your plants grow successfully in your hydroponic garden. This book also covers how to naturally and chemically control pests in your garden and ways to ensure that your plants receive the right lighting and humidity. It is also essential to know that most...
