The inspector can only prove such practice by removing or slacking off a cap here or there about the house if he suspects such an attempt. If no air escapes, then he has the dead end. WILL BOILING DRINKING-WATER PURIFY IT? Q. Will you please tell me if boiling well-water will purify it perfectly, so that we can safely drink it, or is it necessary to filter it also? A. The boiling of water will purify it so far as living organisms are concerned, and would probably make harmless water contaminated by cholera or typhoid fever discharges. It would not remove any mineral poisons which might be present in the water, and it is uncertain as to the effect which it would have on certain poisonous substances analagous to strychnine, which are sometimes produced in organic...
