Reviews

Unquestionably, this is actually the very best work by any article writer. It usually does not price a lot of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Augustine Pfannerstill)

ADP BUDGET: POTENTIAL REDUCTIONS TO THE DEPARTMENT OF THE NAVYS BUDGET REQUEST: IMTEC-89-75BR

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 26 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO provided information about the Navys fiscal year (FY) 1990 budget request for automated data processing (ADP) resources, focusing on: (1) the Navys reduction of FY 1989 operation and maintenance funds for ADP resources; and (2) budget requests for three automation projects. GAO found that: (1) in response to a Department of Defense (DOD) directive that the Navy reduce its ADP-resource operations and maintenance fund by 93.1 million, the Navy reduced 50.7 million from ADP resources and about 35.9 million from such non-ADP resources as aircraft rework modifications, ship maintenance, and unemployment compensation; (2) the Navy did not sufficiently justify its FY 1990 request for 300,000 to acquire hardware for its Automation of Procurement and Accounting Data Entry Project, did not immediately need about 1.9 million in funds for upgrades and hardware due to schedule delays, and may not have allowed sufficient time to comply with test documentation requirements; (3) the Navy did not adequately justify its 2.2 million FY 1990 budget request to upgrade its Stock Point Logistic Integrated Communications System; (4) the Navys FY 1990 budget request for its Stock Point ADP Replacement Project may be 33.5-million higher than its actual requirements, due to schedule delays, revised equipment cost estimates, and updated hardware requirement estimates; and (5) DOD reduced the Navys FY 1990 procurement budget request for all computer acquisitions by 35.7 million in April 1989. This item ships from La Vergne, TN. Paperback.
